*This includes not more than 0.8 % equivalent protein from non-protein nitrogen.**

ACTIVE DRUG INGREDIENTS:

Decoquinatate.....(45.4 G/TON) 22.7 MG/lb.

FEEDING INSTRUCTIONS:

Feed Show-Rite® NewCo Lamb Creep Pellet D22.7 at the rate of 1.0 pound per 100 pounds body weight along with good quality forage to starting lambs to provide 22.7 milligrams of Decoquinatate per 100 hundred pounds of body weight per day. Feed at least 28 days during periods of exposure or when experience indicates that coccidiosis is likely to be a hazard. Provide a constant supply of clean, fresh water.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.

INGREDIENTS:

Please refer to the product label/tag for a complete list of ingredients.

WARNING: Do not feed to sheep producing milk for human consumption.

CAUTION: Do not use Decoquinatate in feeds containing bentonite.

LIMITATIONS FOR USE: Feed at least 28 days during periods of exposure to coccidiosis or when experience indicates that it is likely to be a hazard.

PROFILE:

Show-Rite NewCo Lamb Creep D22.7 is a highly palatable creep ration designed to maximize early muscle shape and expression in young sale lambs. Mini-pellet form to encourage early consumption and eliminate sorting. Formulated with Alltech technology to support a health digestive track and immune system.
