

PREMIUM RABBIT PELLETT

Complete Rabbit Feed to Increase the Hydrolysis of Starches and Proteins in Rabbit Diets

A 23% crude protein crumble with high levels of fish meal, meat & bone meal alfalfa meal, probiotics and recommended levels of Primalac.

GUARANTEED ANALYSIS:

Crude Protein, min.....	17.0%
Crude Fat, min.....	3.0%
Crude Fiber, max.....	16.0%
Calcium, min.....	0.6%
Calcium, max.....	1.1%
Phosphorus, min.....	0.6%
Salt, min.....	0.4%
Salt, max.....	0.9%
Vitamin A, min.....	2,750 IU/lb
Amylase, min*.....	567.5 BAU/lb
Protease, min**.....	567.5 HUT/lb
Papain, min***.....	652.5 NFPU/lb

FEEDING INSTRUCTIONS:

Feed Show Rite® Premium Rabbit Pellets as the sole ration to show rabbits. A constant supply of fresh, clean water is also necessary.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.

INGREDIENTS:

Please refer to the product label/tag for a complete list of ingredients.

WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for beef cattle and is not intended for other species.

**Contains a source of amylase which can hydrolyze starches in soybean meal and wheat middlings in rabbit diets. One bacterial amylase unit (B.A.U.) is defined as that amount of enzyme which dextrinises 1 mg of starch per minute at 30° C and pH 6.6.*

***Contains a source of protease which can hydrolyze proteins found in plant and animal proteins in rabbit diets. One HUT unit is the amount of enzyme that produces a hydrolysate with the same absorbance at 275nm as a solution containing 1.10ug/ml tyrosine in 0.006N HCl.*

****Contains a source of Papain which can hydrolyze proteins found in plant and animal proteins in rabbit diets. One Papain unit is defined as that quantity of enzyme that liberates the equivalent of 1ug of tyrosine per hour under the conditions of the assay (casein substrate at pH 6.0 and 40° F).*

PROFILE:

Show-Rite® Show Chicken is an all in one product fed from hatch to show. High levels of amino acids for optimal growth, high levels of pro-biotics (Primalac) and essential oils for optimal gut health, has phytase added to help utilize more phosphorus for better bone growth and natural color enhancers to help develop brighter color feathers and other parts of the chicken
