Lysine, min.....	1.3%
Selenium, min.....	0.3 ppm
Zinc, min.....	234 ppm
Phytase, min*.....	160 FTU/lb.

*One unit of phytase activity (FTU) is defined as the quantity of enzyme which liberates 1 micromol of inorganic phosphorus per minute. Environmental factors such as feed pH, moisture and processing methods such as pelleting and extrusion may affect enzyme activity.

PROFILE:

Show-Rite® Grower 40-90 is a pelleted feed designed to optimize frame, skeletal development, and muscularity for pigs weighing 40-90 pounds. The perfect transition feed from a starter or as you first purchase your show pigs and get them home.

FEEDING INSTRUCTIONS:

Feed as the sole ration to growing pigs weighing 40 to 90 pounds. A clean, fresh source of drinking water is also necessary.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.

INGREDIENTS:

Please refer to the product label/tag for a complete list of ingredients.

WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper. This product has been formulated specifically for swine and is not intended for other species.
