Decoquinatone...(27.2 G/TON) 13.6 MG/LB

PROFILE:

Show-Rite Advancer 360 is the feed that provides leading-edge nutritional technology to competitive show goats all day, every day. Advancer 360 brings your goats:

- 100% organic trace minerals, that are better utilized by the animal supporting the immune response, reproductive function and overall health.
- A blend of essential oils that boosts feed intake and promotes only the beneficial microflora, encouraging top feed efficiency, higher average daily gain, and stronger immunity and performance.
- Enzymes that encourage a thriving rumen and even optimize gene expression, reinforcing key metabolic pathways associated with growth and muscle development.

Options in a 50-lb bag #80207 or bulk invoice

THIS IS A PRODUCT SHEET ONLY, IN NO WAY SHOULD IT BE USED AS A FEED TAG

FEEDING INSTRUCTIONS:

Feed Show-Rite Advancer 360 D13.6 Feed to starting and growing goats, along with good quality forage, at the rate of 1.67 pounds per hundred pounds of body weight to provide 22.7 milligrams of Decoquinatone per 100 pounds of body weight per day. Feed at least 28 days during periods of exposure or when experience indicates that coccidiosis is likely to be a hazard. A constant supply of clean, fresh water is also required.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.

INGREDIENTS:

Please refer to the product label/tag for a complete list of ingredients.

WARNING:

This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for goats and is not intended for other species. When fed as directed, this product provides the maximum recommended amount of copper for goats.
