

# STRETCH

A multi-species product designed to increase the size and fill capacity of the belly. It can be used on show day for the optimum fill, or as holding ration in the days or weeks leading up to a show.

## FEEDING INSTRUCTIONS:

For cattle, feed 2 to 5 lbs per head per day.  
For sheep, goats, or swine, feed 1/2 to 2 lbs per head per day.  
Best results when fed dry.  
*CAUTION: Do not feed to horses or other equines*

## INGREDIENTS:

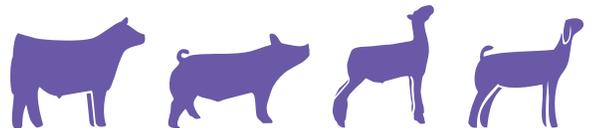

Roughage products, forage products, molasses products, dextrose, vegetable and animal fat (preserved with BHT), dried bacillus licheniformis fermentation product, dried bacillus subtilis fermentation product, natural and artificial flavors, saccharin sodium, sugars.

## PROFILE:

Stretch can be fed by itself or added to your feed ration. It is in a pellet form and when combining one part Stretch and one equal part water, the pellets will expand three times its original size. For more expansion, continue to offer water to the animal. Stretch also contains added probiotics to assist digestion.

## GUARANTEED ANALYSIS

Crude Protein (Min).....	9.0%
Crude Fat (Min) .....	1.0%
